Open Plumbing, But---

Tight joints. Our modern method
of sanitary plumbing is seemly,
clean, and the piping is easily got-
ten at when there's the slightest
difficulty, which seldom occurs, for
the plumbing is "open" while the
joints are tight. If you have a
thought of plumbing, think of us.

IN JOBBING CIRCLES.

Good Business All Around, Although There
Is a Little Holding Up a Way.

The jobbers of Richmond report that a
fairly good good week's business has re-
warded their efforts. It must be said, how-
ever, that in some lines there is mild com-
plaint of a slight falling off of business.
The hardware men say that the indications
of spring necessarily lead to a falling off in
their line, but they are still hoping for big
orders that are being held back for one
reason and another. The grocery people
say that they always expect trade to be a
little dull at this particular season, but it
has not yet proven so dull as they had
reason to expect.

The shoe men have nearly completed the
filling of their tremendously large spring
orders and business is in a way slackening
with them, but all the same many "fill-
ing-in" orders are reaching them from their
over-cautious customers, and they are filling
not a few of new orders. Altogether they
shipped last week over 5,000 cases of shoes.
The dry goods and hat and clothing people
are very much in the same boat as the
shoe men. The wholesale drug stores are
doing their usual spring business, and the
hardware people are still hoping for better
things in the building line.
